**Disability Rights  
Awareness**

&

**Functional Report Writing  
Dialogue & Mediation**

## **Disability Rights Awareness, Functional Report Writing for Dialogue & Mediation**

COVID19 and the restrictions associated with it have irreversibly changed our lives so we will have to look differently at the challenges of persons with disabilities.

However, creating equal opportunities will still have to be in line with the **White Paper on the Rights of Persons with Disabilities, Disability Legislation, Codes and Guidelines**.

### **Are you ready for this challenge?**

I invite you to be part of this **2-hour online training** session to empower yourself.

### **The projected outcomes after attending the session are as follows:**

To develop insight regarding **Disability Rights Awareness** in South Africa and the purpose of applicable Legislation, Codes and Guidelines.

An understanding of the correct **terminology** when referring to persons with impairments or disabilities in Legislation, Policies, Code and Guidelines.

To develop understanding of **the concepts** of impairment, disability, functional barriers, functional limitations, disclosure, and reasonable accommodation.

How to compile a **Functional Report** (and/or implement) in line with the Social Model for Addressing Disability.

The **Dialogue & Mediation Process** to accommodate Persons with impairments/disabilities.

This 2 hour online workshop is accredited with 2 CPD Ethics points at the Health Professions Council of South Africa (HPCSA)
